

2nd August 2011

Dear Parents

We have just had a monitoring visit by Ofsted Inspectors to assess how far we have completed our Action Plan following February's Ofsted Inspection.

The inspectors judged our progress overall to be good. We have completed all the work required, with the exception of some gates and fences that will be installed during the summer holiday.

The inspectors felt we had gone above and beyond what they had expected in the time since the inspection.

The school now fully meets all the education and care standards required of an Independent Residential Special School, of which there are some 139! They judged that all actions were found to be robust, comprehensive and detailed.

We have now had confirmation of this from the Department of Education and enclose the Ofsted Monitoring Inspection Report.

We look forward to our annual welfare inspection in the autumn which we are hoping will then confirm these findings and will then be available on the Ofsted website.

Yours sincerely
